GUIDING/WARNING FLOOR MATERIAL :

The floor material to guide or warn the visually impaired person with a change of colour or material with conspicuously different texture and easily distinguishable from the rest of the surrounding floor materials is called guiding or warning floor material. The material with different texture gives audible signals with sensory warning when a person moves on this surface with walking stick. The guiding/warning floor material is meant to give the directional effect or warn a person at critical places. This floor material shall be provided in the following areas :-

- a) The access path to the building and the parking area
- b) The land lobby towards the information board, reception, lift, etc.
- c) Immediately at the beginning/end of walkway where there is a change of floor
- d) At the location abruptly changing in level or beginning/end of ramp.
- e) Immediately in front of an entrance/exit and the landing.

PROPER SIGNAGE:

Appropriate identification of specific facilities within a building for the handicapped persons should be done with proper signals. Visually impaired persons makes use of other senses such as hearing and touch to compensate for the lack of vision whereas visual signals benefit those with hearing disabilities.

Signs should be designed and located so that they are easily legible by using suitable letter size (not less than 20 mm high). For visually impaired person, information board in Braille should be installed on the wall at a suitable height and it should be possible to approach them closely. To ensure safe walking there should not be any protruding signs which creates obstructions in walking. Public address system may also be provided in busy public areas.

The symbols/information should be in contrasting colour and properly illuminate because people with limited vision may be able to differentiate amongst primary colours. International symbol marked for wheel chair as shown below the installed at the lift, toilet, stair cases, parking areas etc. that have been provided for the handicapped.
